College For Living

- FALL 2026 -

Beginning in 2026, the College for Living program will no longer be funded through Summit DD, and Blick Center will assume full oversight of the program. Blick Center gratefully acknowledges Summit DD for its longstanding commitment and financial support of the College for Living program.

The COLLEGE FOR LIVING program gives opportunities throughout the year for individuals with developmental disabilities to take part in and explore local resources available in the community. Provided through Blick Center, this program offers individuals with disabilities a wide variety of activities to socialize, explore hobbies, or discover new interests. As the primary force in the community dedicated to inclusion, Blick Center believes that communities are stronger when they include everyone – with or without a disability.

The Blick Center is a private, nonprofit, outpatient clinic that began in 1969 with a group of parents of children with developmental disabilities and a few volunteer professionals. Together, they developed Blick into a single, comprehensive source of diagnostic evaluation, treatment, and support group services to people with developmental disabilities.
